PreSonus audio interfaces include the most comprehensive software bundle on the market.

They all include:
1. Studio One DAW for recording, mixing & producing
2. Studio Magic Plugin Suite. (Valued at over $400-)

Studio One is available in three versions.
1. Prime - The Free version to get you started
2. Artist - included with most PreSonus interfaces
3. Professional - For the musician / producer who requires a fully featured DAW. (Digital Audio Workstation)

- Artist includes 5 gig of bundled content.
- Professional includes nearly 40 gig of bundled content including producer loops and kits from BigFishAudio, Sample Magic and MVP loops.

Studio One bundled content is available on a USB stick as a separate purchase.
