QUANTUM CREATOR BUNDLE

All-in-one recording bundle with Fender Quantum LT 2 interface, M7 microphone, HD7 headphones, and Fender Studio Pro software.

The **Fender Quantum Creator Bundle** makes it easy to capture your creativity at home or on the go. At its core is the Fender Quantum LT 2 — a premium 2-in, 2-out USB-C interface with a powerful MAX-HD mic preamp and Fender-designed instrument input for guitars and basses. Paired with the M7 large-diaphragm condenser microphone, HD7 professional headphones, and included mic cable and desktop stand, this bundle gives you everything you need for professional-quality vocals, instruments, and podcasts.

You'll also get a perpetual license for Fender Studio Pro, the award-winning music production suite for recording, mixing, mastering, and performing — complete with authentic Fender amps and effects built right in. Whether you're an aspiring producer, working musician, or passionate hobbyist, the Fender Quantum Creator Bundle delivers studio-grade sound and seamless workflow in one powerful starter kit.
